### [Top five reasons Canadians love IJGA and Hilton Head](#)

#### 1. [Summer Golf Camps](#)

Small Academy. Big Benefits. Summer camps begin June 13, 2016 and run weekly for 10 weeks through August 15, 2016. Come for a week, multi-weeks or the entire summer. Camp options include Core or Pro Academy, On-Course Management, Competition Package and Tournament Competitions. You can also pair your golf training with English classes or study for college entrance exams.

#### 2. [The Competition](#)

Test your skills in tournaments. IJGA is a short drive from North Carolina, Georgia and Florida, all hotbeds for junior golf tournaments. The map in this link shows just some of the local tournaments this summer.

#### 3. [IJGA Training](#)

How do you spot an IJGA golfer? They're strong, smart and confident—whether they're in a high-pressure competition or leading their community. They're destined to reach their full potential. Golfers work with the nation's most respected coaches and compete in top junior tours. It's a challenging but fun training environment shaped by the industry's top experts.

#### 4. [Hilton Head Island](#)

Our summer program is designed so that campers have their afternoons free. Commuter students can experience the beauty of the low country with their families while residential students can participate in a variety of fun, supervised activities from volleyball on the beach to kayaking to shopping to laser tag. Ask about our partnership with Beach Properties of Hilton Head to get an exclusive IJGA discount! Hilton Head is world famous for its pristine beaches.

#### 5. [The Golf Courses](#)

Although Hilton Head is only 12 miles by five miles wide, it boasts more than 20 championship courses, earning it the nickname "Golf Island." Hilton Head is a

well known destination among golfers from all over the world, boasting layouts crafted by course-design legends including Robert Trent Jones Sr., Pete Dye, and Jack Nicklaus.
