"I've realized that in the efforts of becoming successful, especially in golf, a massive toll on my parents and whole family is taken through travel and fees. Receiving the HFF Funding for MJT Playing Scholarship will not only help with the cost of tournaments but help with decisions made during the making of my tournament schedule. This amazing scholarship is going to allow me to play more great MJT events where I can showcase my golf. I greatly appreciate the Herrendorf Family Foundation as well as the MJT for having this scholarship opportunity for all MJT members and particularly for choosing me as one of the few that receive this scholarship. I will continue to stay driven through my hard work on and off the golf course that will one day hopefully lead to a great outcome."
