Pace of Play

During all MJT tournament rounds, it is expected players play without undue delay. Where at all possible, players are encouraged to play ready golf in order to maintain a reasonable pace of play. Groups are considered “**in position**” if they stay immediately behind the group in front. Pace will be monitored by MJT Marshals and penalty strokes could be assessed to a player or group if they fall out of position.

Caddies

- Caddies will be allowed for all Mini Tour players for the 2019 season.
- Caddies will be permitted to stand on the green in order to help with the pace of play, eg tend the flag, encourage kids to walk faster. If a caddie is slowing pace by being too deliberate in helping read greens, **a penalty stroke for undue delay will be assessed to the player.**
- Caddies may help with Rules of Golf, scoring, carrying or pulling the player’s golf bag, keeping pace of play, and general help with the group (raking bunkers, tending the flag etc.)
- **NEW FOR 2019** Caddies will be provided with a Caddie Bib to indicate who the designated Caddie is for each player. Bibs are to be returned immediately after the round to the scoring area.
